01

Audience questions

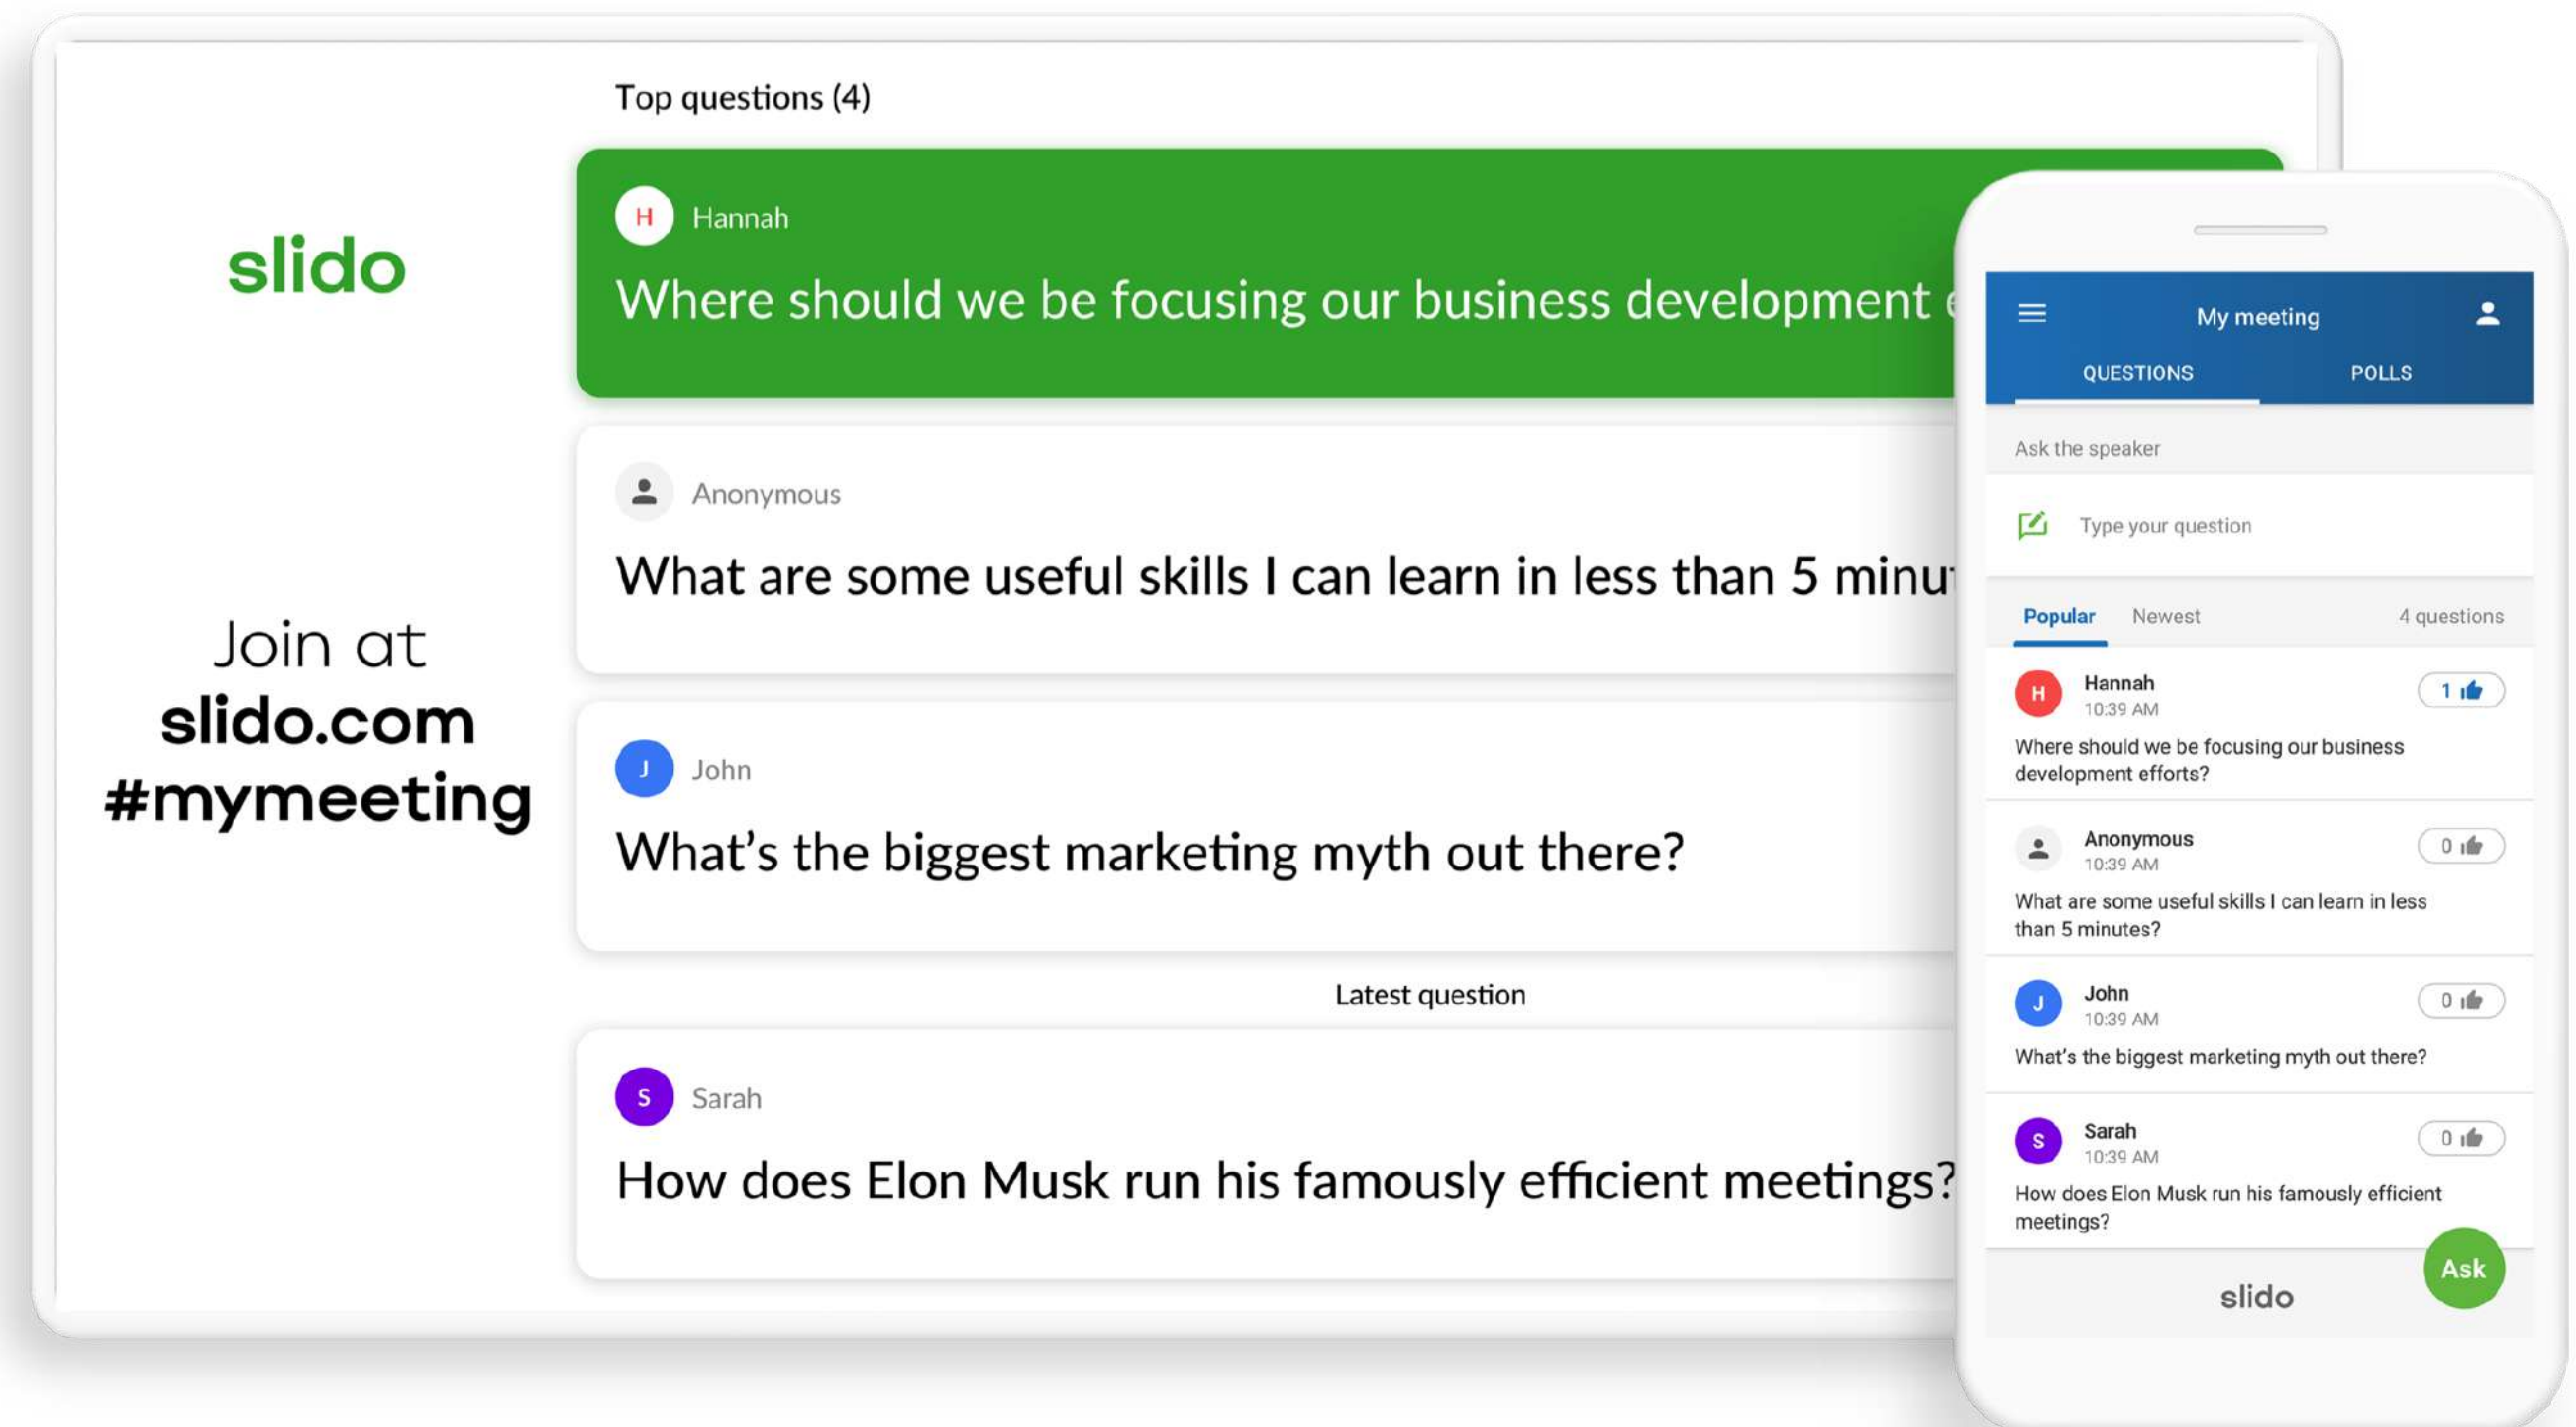

Crowdsource the best questions from your audience

Maximize the effectiveness of your Q&A time

Let your participants ask questions from any device and vote for the ones they like the most.

Display the top questions to your audience

Boost the audience engagement by displaying the top questions live during the Q&A.

Have control over what questions are asked

Turn on moderation and easily filter any inappropriate questions before they go live.

02

Live polls & Ideas

Engage your audience with live polls

Collect real-time insights about your audience

Ask your participants their opinion and let them vote instantly from any device.

Share the results live with your audience

Find out who they are or what they think and display the results live on screen.

Choose the poll type that most suits your needs

Run a quick multiple choice poll or capture the insights with a stunning word cloud poll.

Create a survey with several poll questions to get more detailed feedback.

03

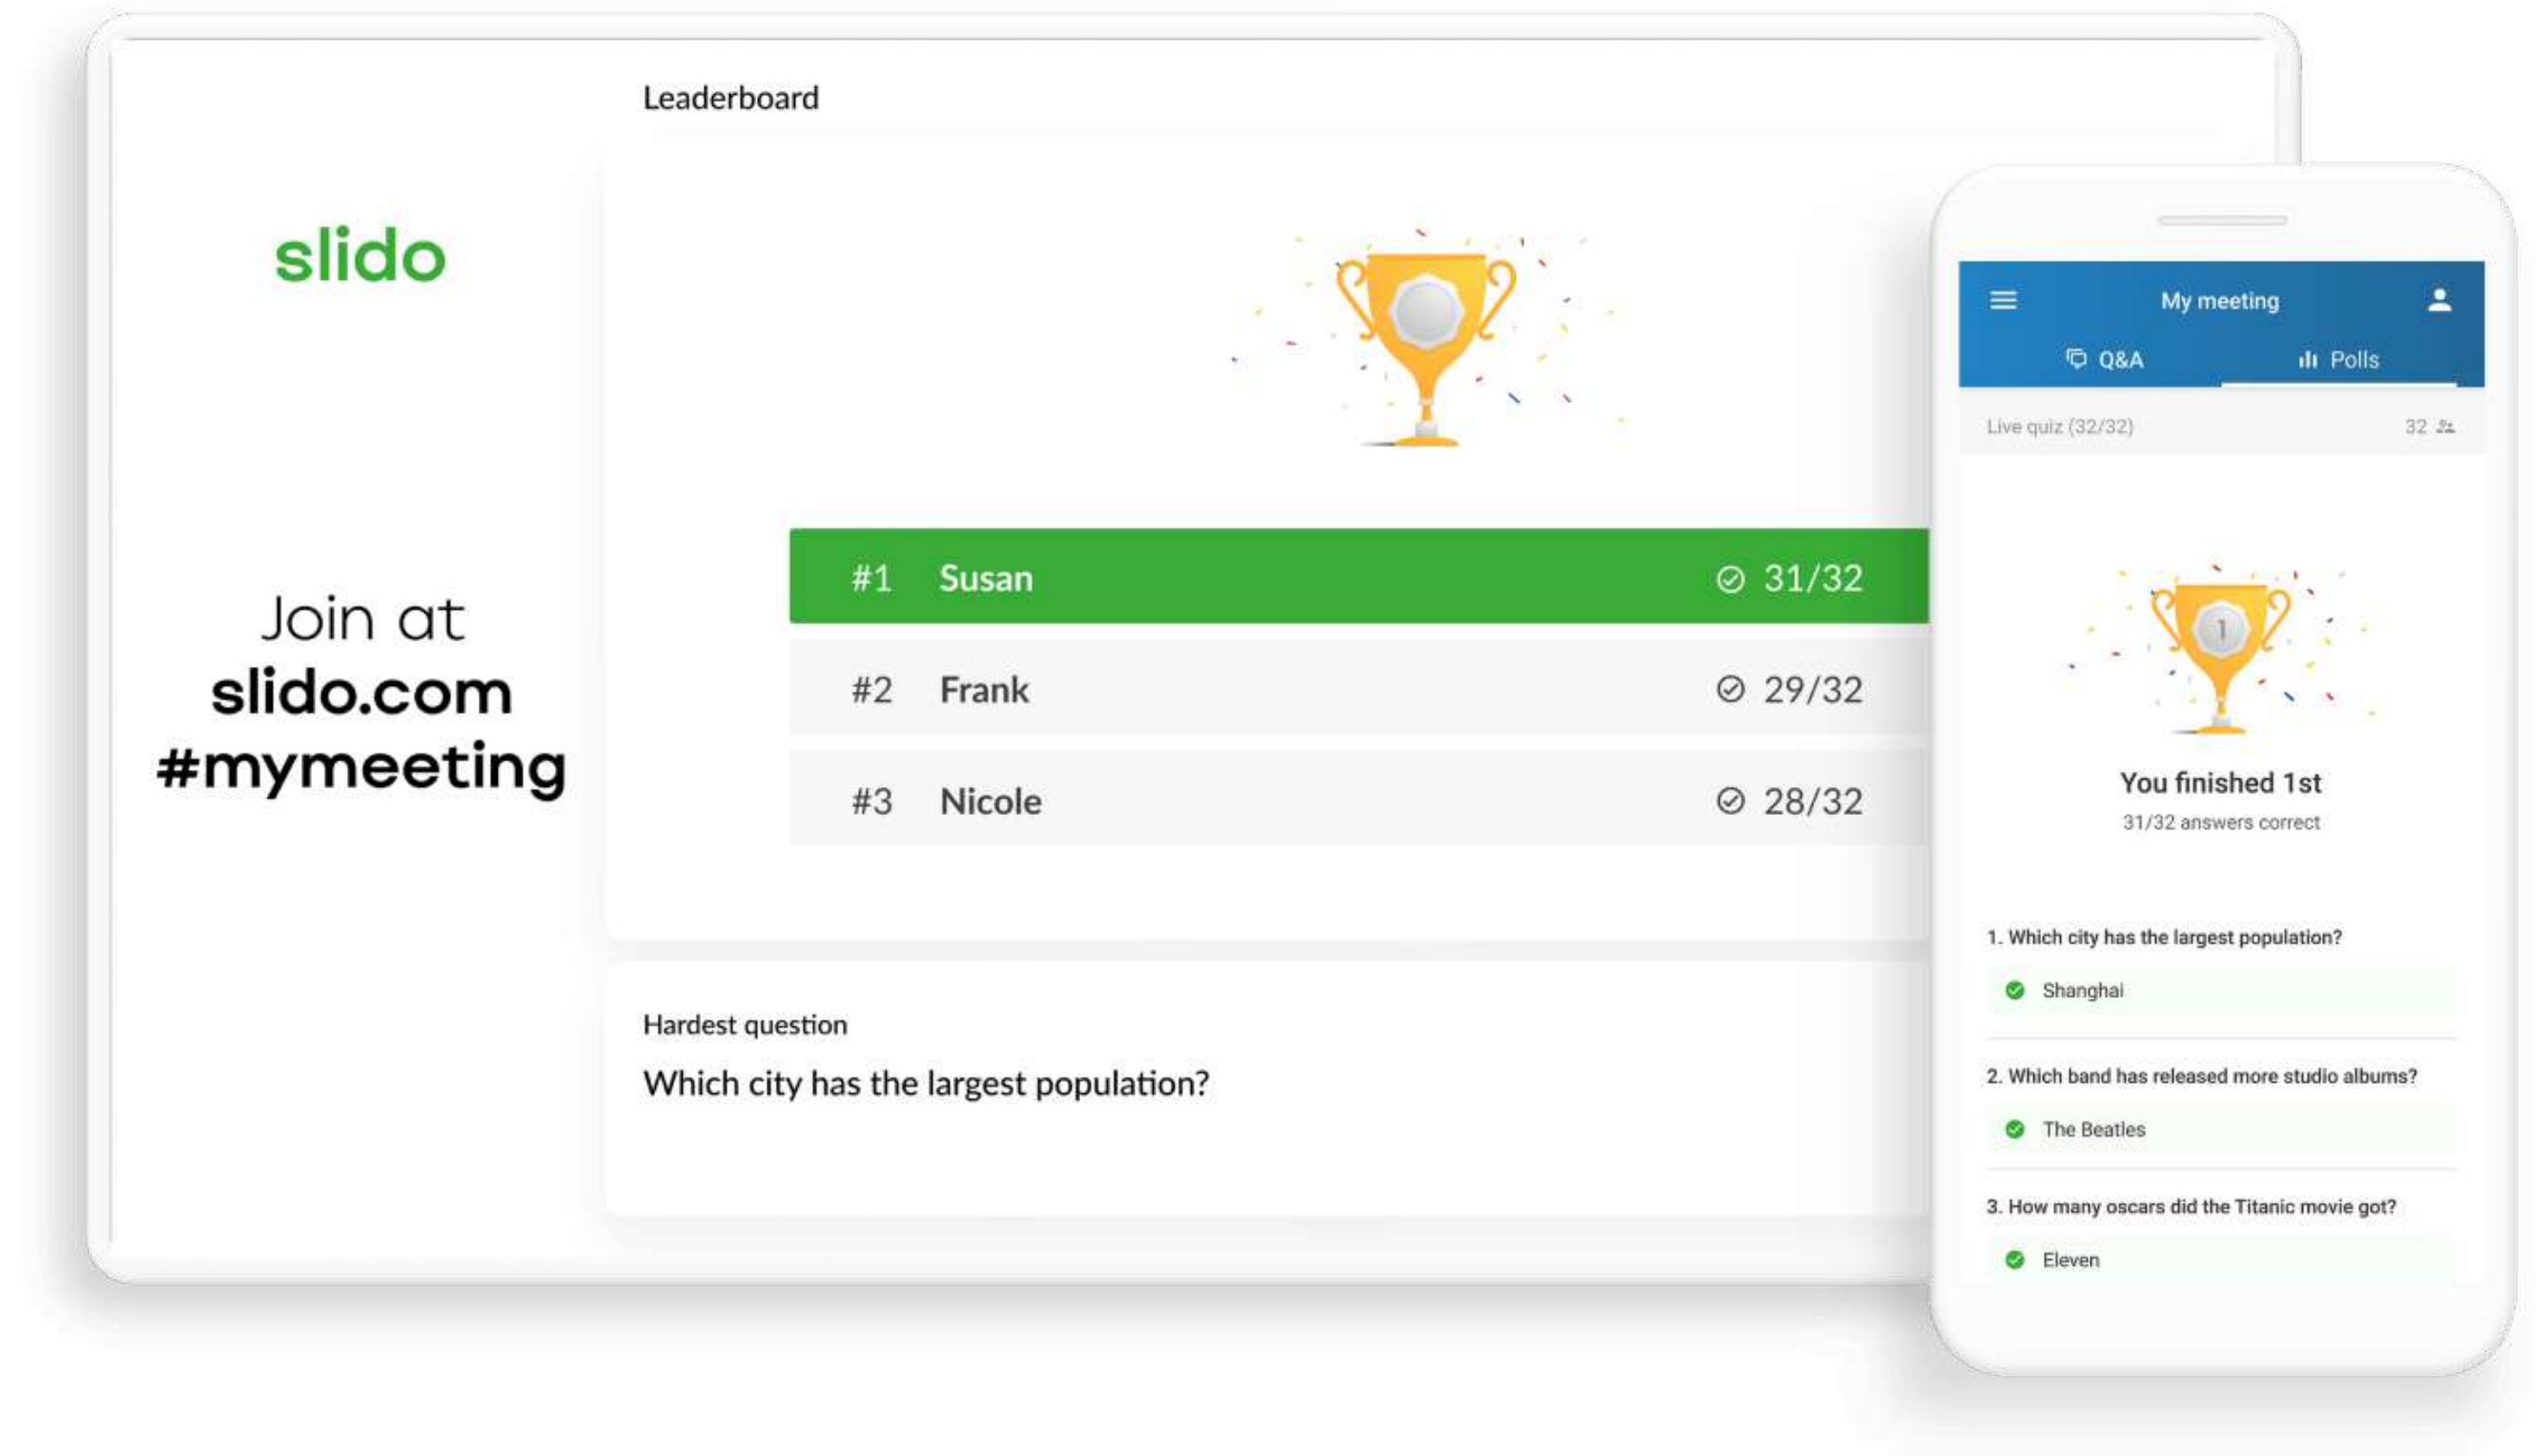

Quizzes

Create a fun learning experience

Run a quiz with questions that fit the topic of your presentation or training.

Add options and mark the correct answers.

At the end, display the leaderboard with the top players and give your quiz a big finish!

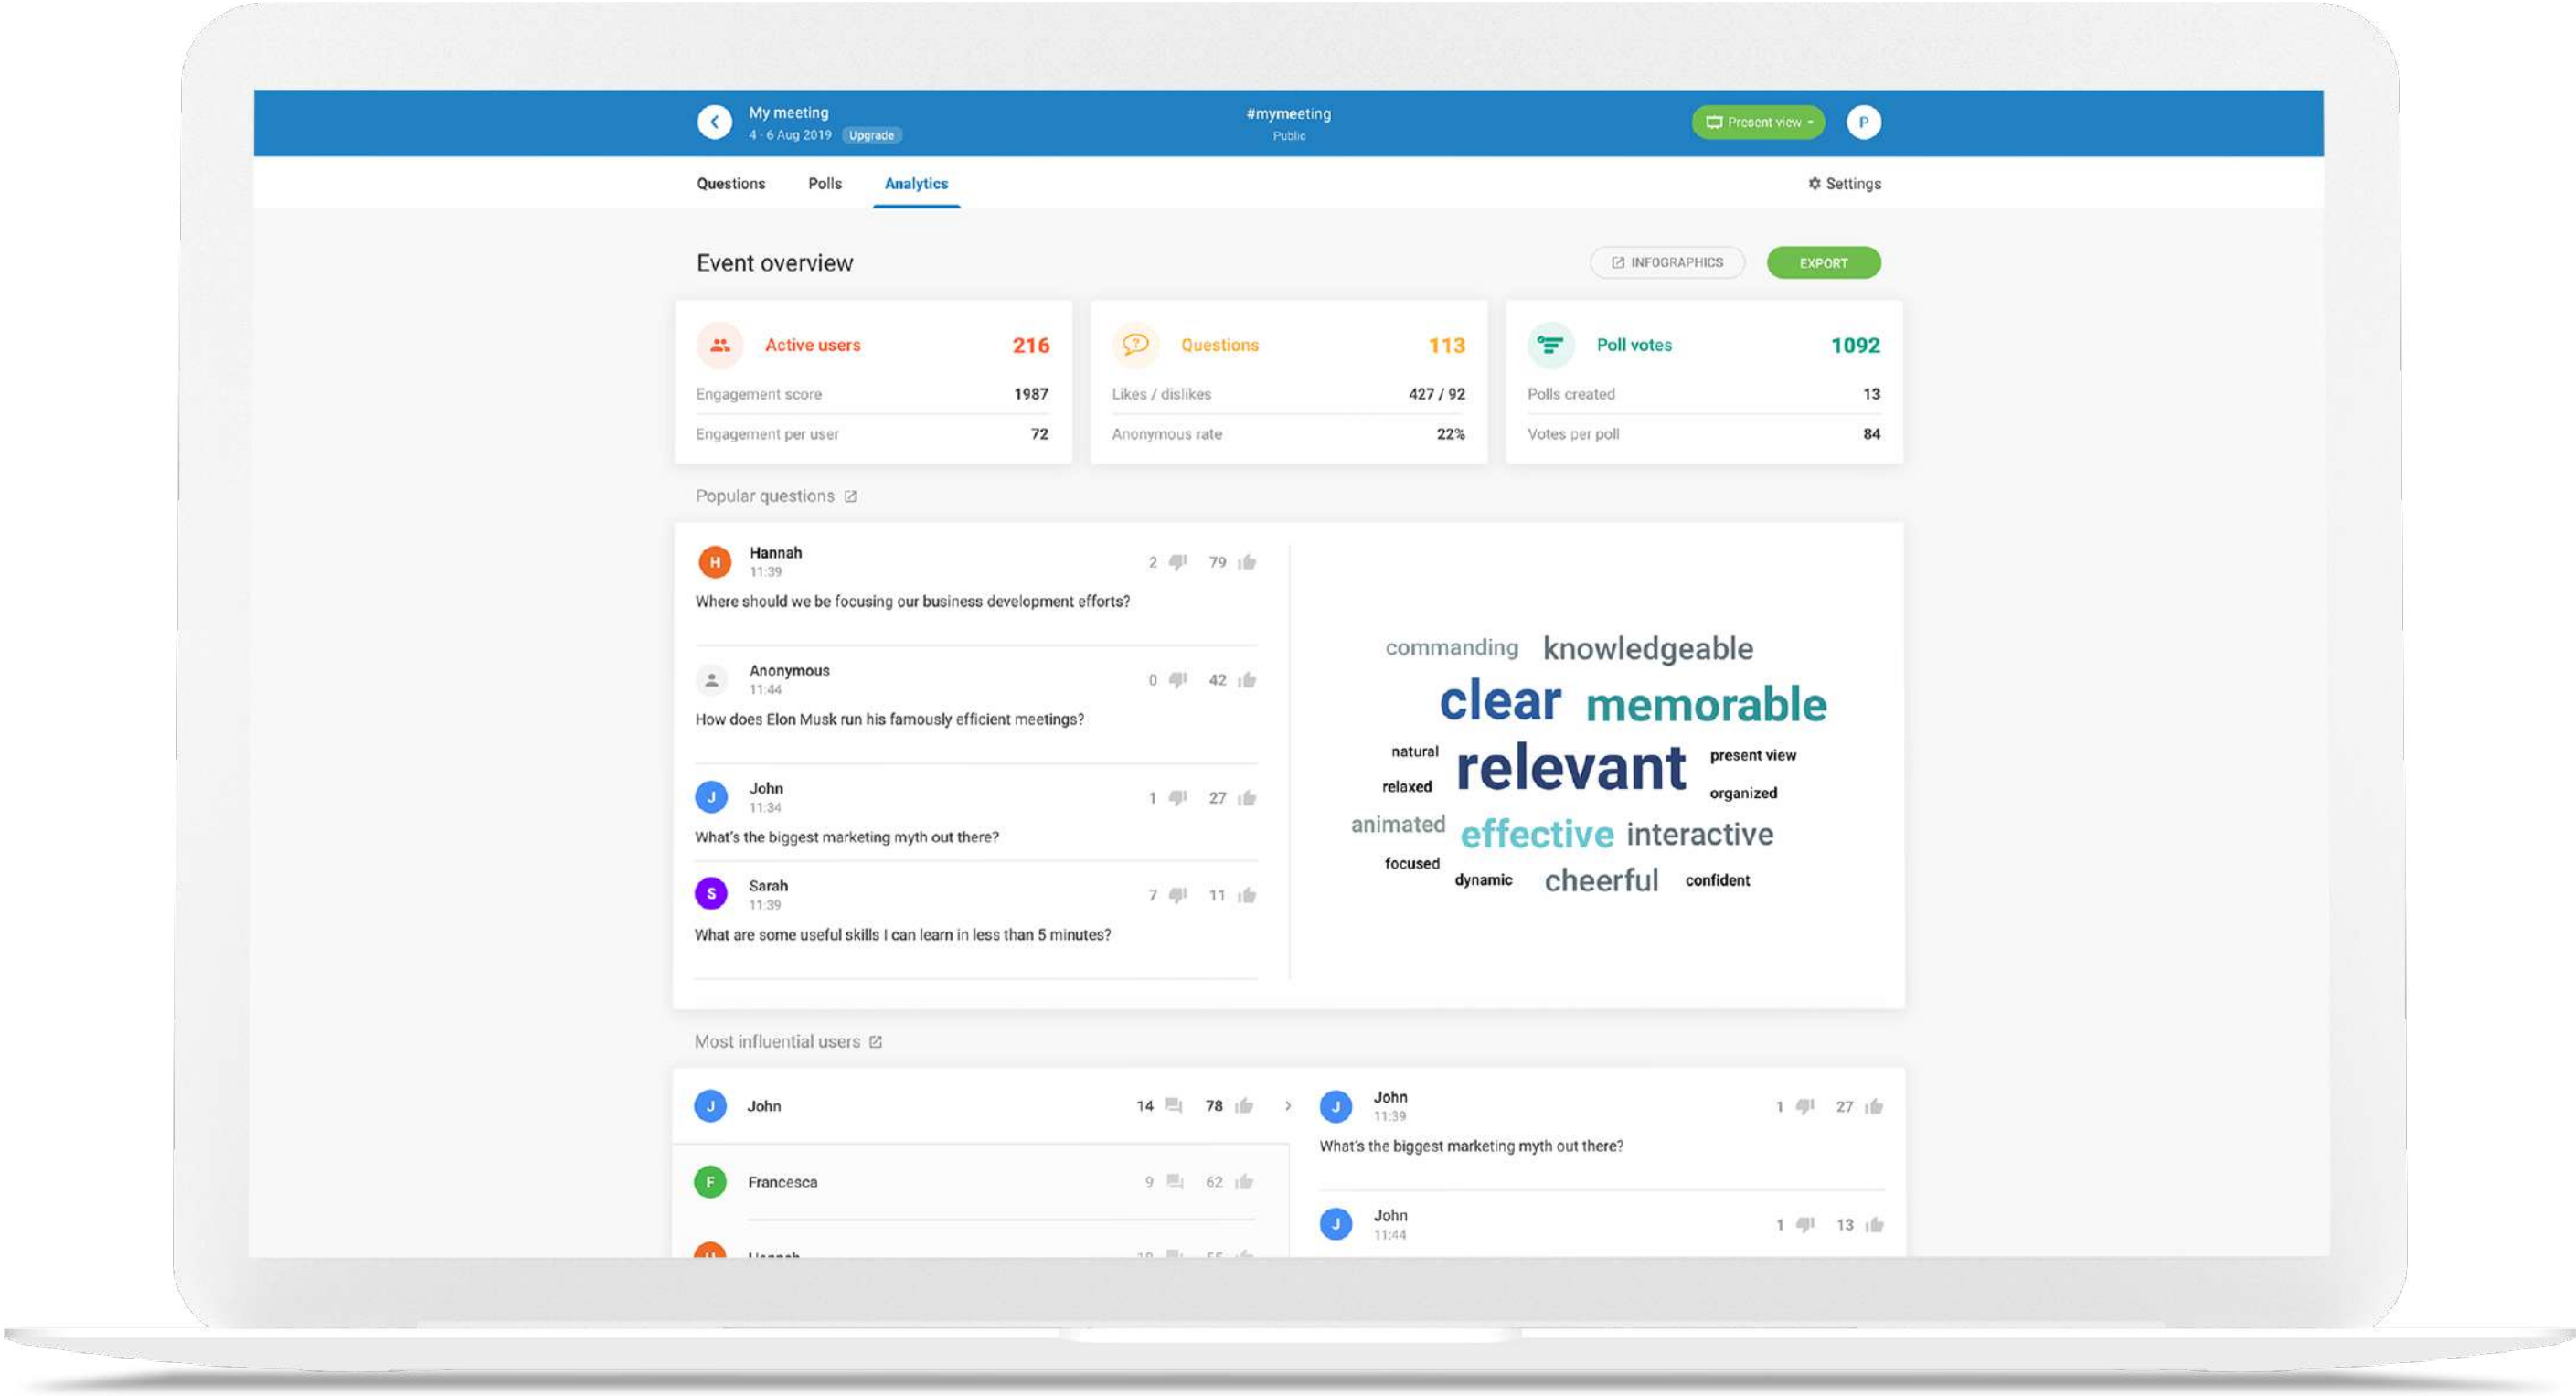

04

Event analytics

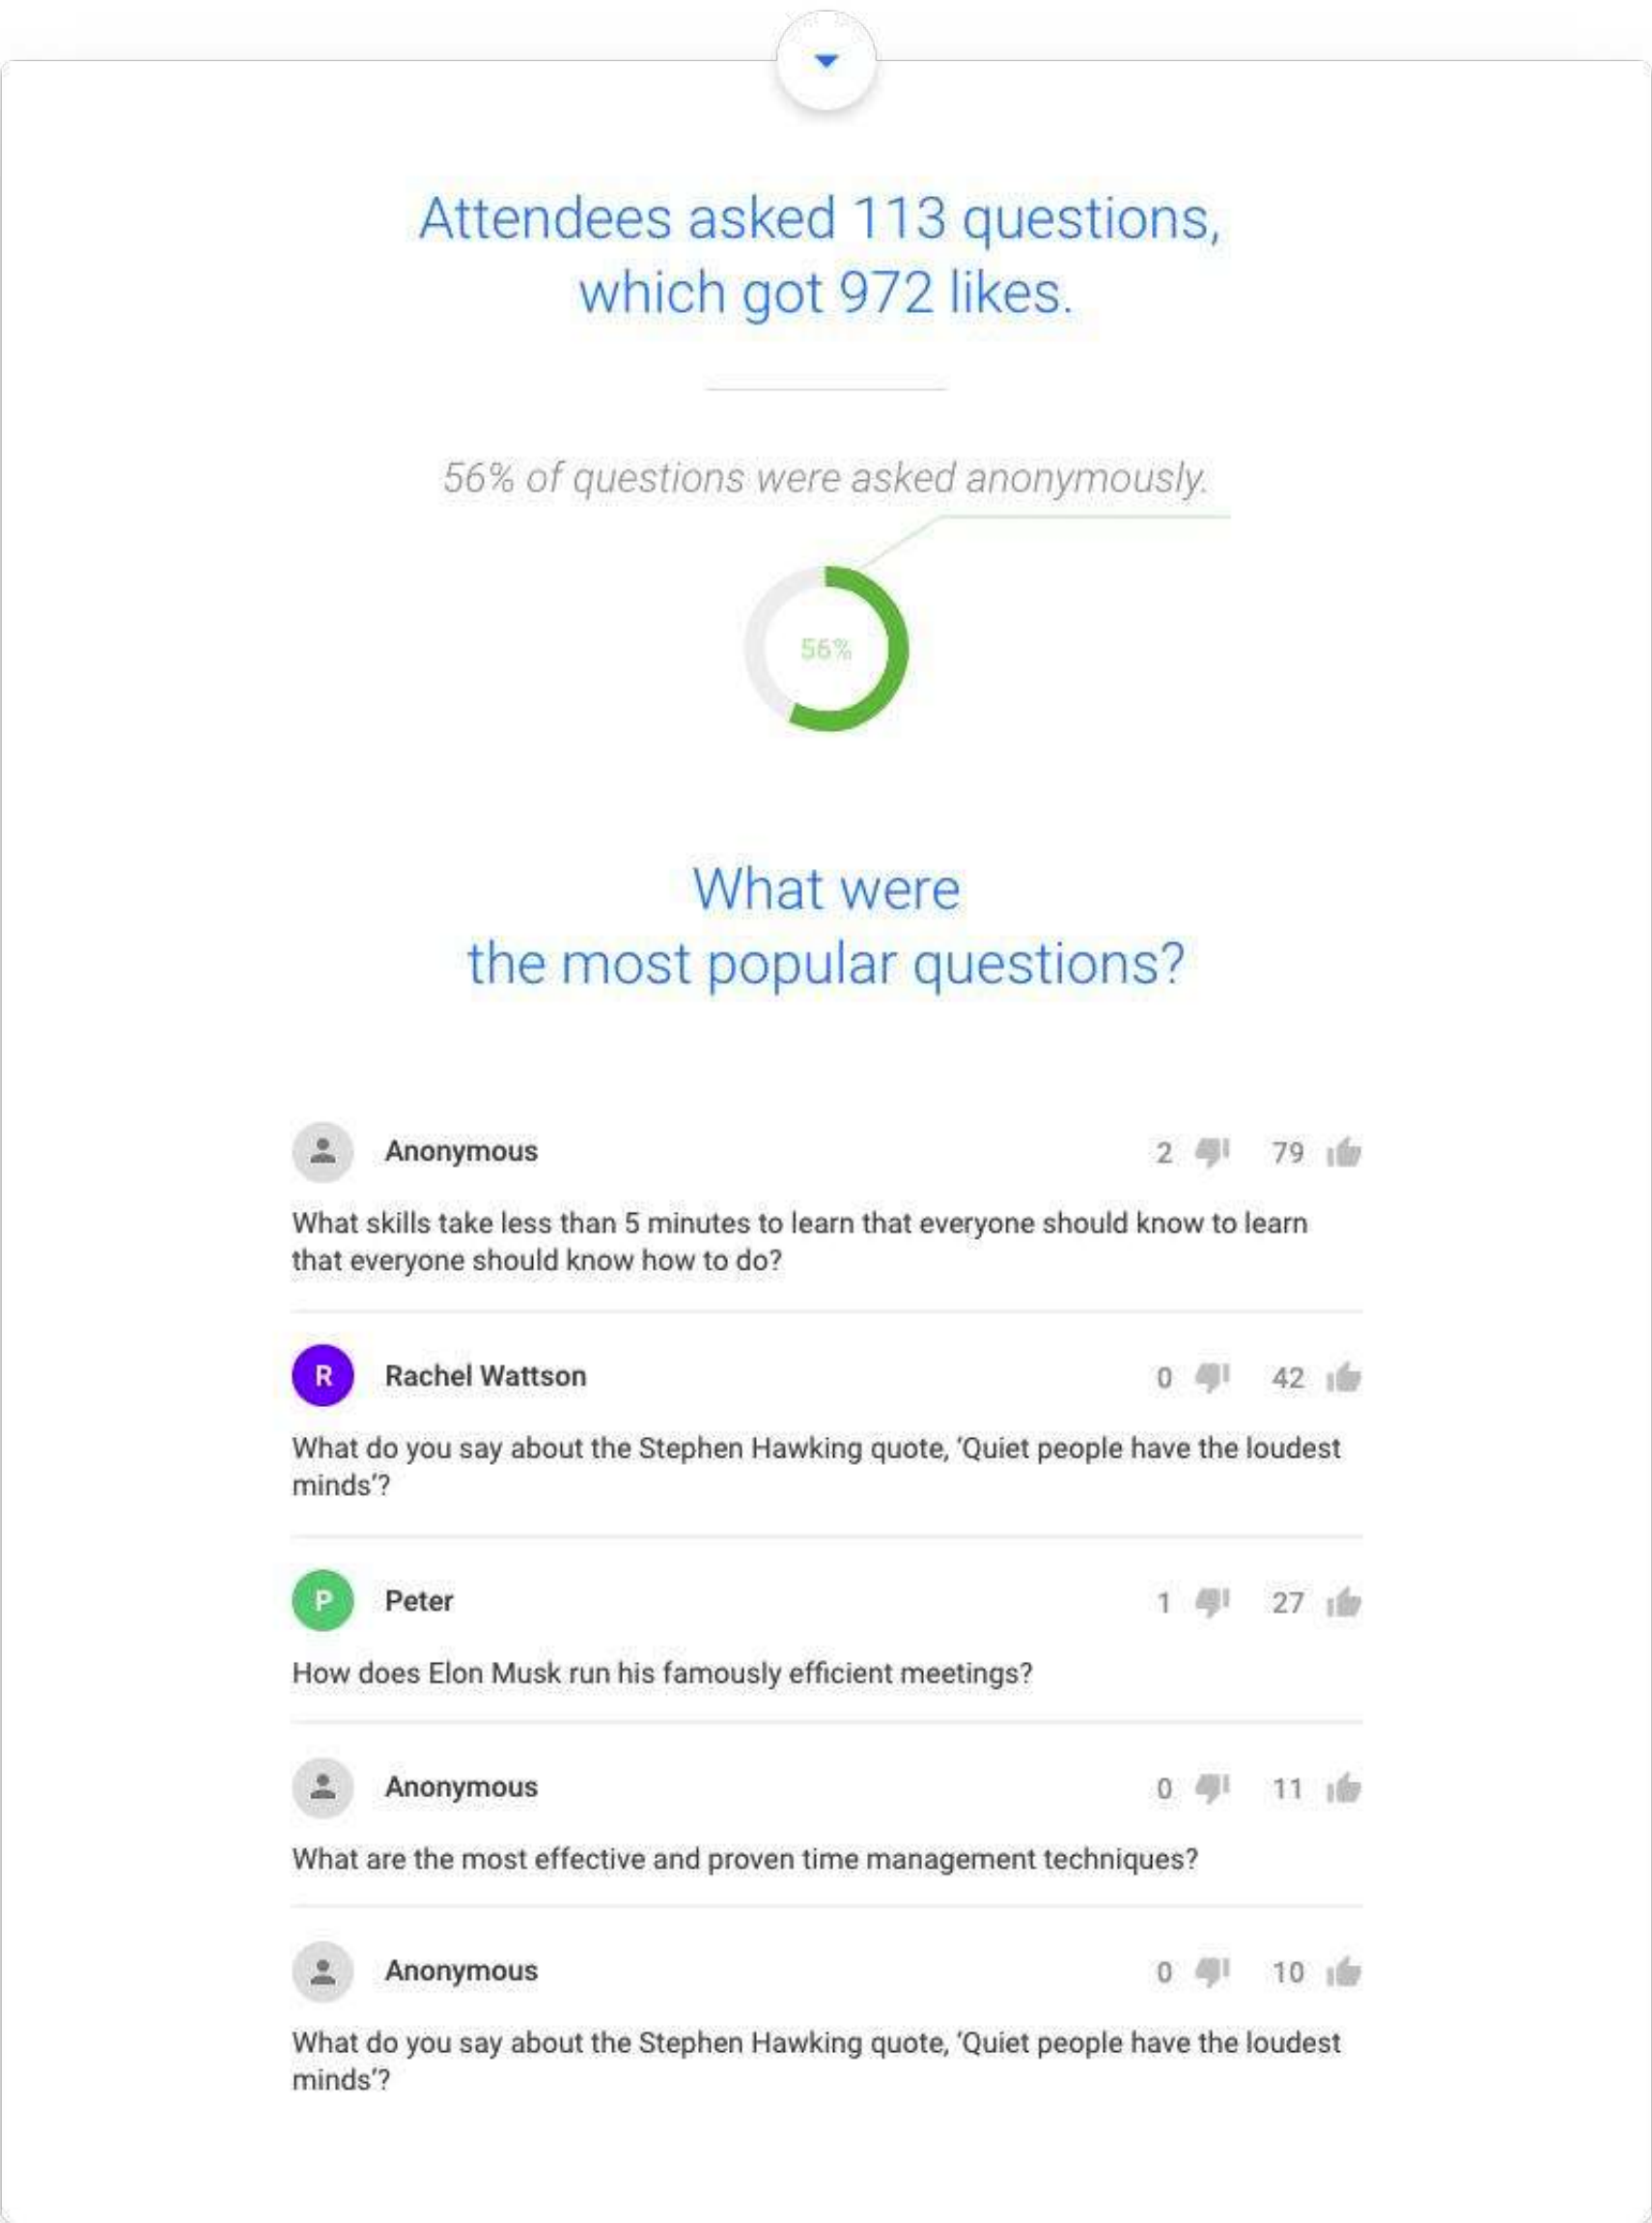

Gain valuable insights with event analytics

Meet your most influential participants and discover which topics resonated the most with your audience.

Share the insights in a beautiful infographic

Generate an infographic from your event data and share it with your colleagues or participants.

05

Integrations

Integrate Slido with your favorite tools

- Collect questions and ideas directly from **Slack**
- Easy to integrate with your **Google Slides** presentation
- Share or embed the event link in your favorite platforms
